

1. About Us

"Anteros Coin" is a Digital Currency that will be Launched and Introduced in 2018. This currency is just as good as Fiat, But only Available in the Digital World. "Anteros coin" Describes how everyone who uses the Currency of "Anteros Coin" and follows the Program on this Platform will become Financially Extraordinary.

"Anteros Coin" is a Digital Currency uses Cryptographic Techniques that Guarantees Transaction Processing and Recording According to Secure Rules through Automatic Mathematical Algorithm Systems.

"Anteros Coin" is a project that combines systems and a process to help each other, clients as a community-based cryptocurrency technology. The system we developed is an improvement between multilevel and forex systems.

In Addition to its Function as a Digital Currency, Anteros Coin also Provides Several Options and Programs to invest that have a CLEAR VISION & MISSION.

2. Anteros Coin Profile

- **Blockchain**

Anteros Coin uses Block Chain Technology Which is a Decentralized Digital Ledger that Includes Transactions and Works with Dataset through a Series of Nodes Called Blocks. This Technology is Very Important for Managing Financial Data and Safe to Use without having to be Afraid of Hackers and Scammers.

- **Decentralization**

Anteros Coin uses Cryptography Technique to Guarantee the Transaction Process and is safe. Cryptography Embraced by Anteros Coin is Also Used as a Regulated Supply and Demand of The Currency Value. The Entire Financial Process is set by The System of Mathematical Algorithms Automatically without any Captivity Center Control.

The decentralized structure of the blockchain brings several key features in contrast to traditional centralized approaches:

- ❖ **Transparency** : it is possible for anyone to track the movement of funds from one account to another.
 - ❖ **Immutability** : Once confirmed, a transaction cannot be reversed. No one can interfere with a completed transfer.
 - ❖ **Low cost** : Transaction fees are minimal.
 - ❖ **Cross-border** : Funds can be sent as easily to someone on the other side of the world as we sent to someone in the next room.
 - ❖ **Speed** : Flat and transparent nature of blockchain helps the transfer process instant and approves in minutes rather than hours or days.
- **Open Source**
Anteros coin is a commonly used digital currency as a means of buying and selling instrument and a high-interest investment program that can be owned by anyone from anywhere.
 - **Peer to Peer (P2P)**
The Anteros Coin Network is with a Cryptography Protocol Which Means That Anteros Coin Users Can Send Coin to Others Using a Software Called Anteros Coin Wallet and The Transaction or Delivery is recorded in public database of Block chain.
 - **Non Government**
Anteros Coin is Entirely Open and Decentralized. Neither Business Entity Nor Government Body Regulates the Existence and Development of Anteros Coin.

- **Save and Secure**

Anteros Coin is Very Safe and Easy to Use as it Embraces The Technological System of Blockchain And Well Encrypted.

6. Allocations & Supply

There are two main ways individuals can be included in a digital asset. There will be those who work for the distribution and those who invest directly into it. In these two cases, the system will outline the specific money and how exactly it is being utilized.

In the early stage, we will launch the ANTEROS token in an open ICO. Through an open ICO, the ANTEROS team will use the advancement for purposes sANTS as office setup, technological frameworks, development and improvement of the existing MLM systems with an abundance of programs and other exercises.

In the second stage, the ANTEROS token will be distributed in a transparent manner to all its clients, users, purchasers, offeror, exchanger or holder of the ANTEROS token. The exchanges will then be added to buy, offer, trade or sell ANTEROS through an open market. The development and founder team will release more information about it in upcoming press releases, blog posts, and community notices.
